PEACE TREATY IS SIGNED; CHINA REFUSES

GERMANY'S DREAMS OF WORLD DOMINION END IN HUMILIATION

Protest of South Africa and Refusal

Drawback to Complete Harmony
FOE WEEKLY SIGNS PEACE TERMS

By JOHN EDWIN NEVIN,
Correspondent of the International News Service
VERSAILLES, June 28.—Germany capitulated today. At a small table in the center of the great hall of mirrors, the chief room of the palace here, representatives of the German republic meekly accepted the peace terms which practically ends Germany as a world power, at least for many years. It was this same city which witnessed the arrogance of Bismarck and Von Moltke, and today the representatives of the defeated German empire accepted the fate which resulted from the junkers' dream of world dictatorship.

Only two incidents marred the proceedings. General Smuts of the South African delegation handed in a written protest when he affixed his name to the document. He protested against the part of the treaty calling for the punishment of the kaiser and also some other features.

Chinese Delegates Refuse to Sign

The Chinese delegation was not present and no one signed the treaty for that country. The delegation sent word that it would not sign the treaty. An official statement was promised later in the day. Dr. Herman Mueller, German foreign minister, was the first to attach his signature to the treaty, signing at 3:12. Dr. Johannes Bell signed next for Germany. President Wilson was the first to sign following the Germans. The rest of the American delegation affixed their signatures below the President's.

Premier Lloyd George was the next to sign the momentous document. The remainder of the British delegation followed him. The "tiger" of France, Premier Clemenceau, signed his name to the treaty at exactly 3:23 p. m.

Signing of Treaty Takes 40 Minutes

The signing of the treaty was completed at 3:50 p. m., it having taken approximately forty minutes for the proceedings. Premier Clemenceau brought the proceedings to a close with the following announcement: "The conditions of peace are now an accomplished fact."

General Smuts signed the treaty on behalf of British South Africa, but at the same time handed out a statement protesting against the punishment of the kaiser and other features of the treaty.

Immediately after Premier Clemenceau announced the signing was complete the Germans left the building. It was announced that they would return at once to Berlin.

It is five years ago that the plotted assassination of the Austrian archduke, Francis Ferdinand, furnished the excuse Germany sought for starting the world conflict. Sarajevo's tragedy has made the great central empires suppliants.

The situation in Versailles today is the fulfillment of the greatest dream in modern history. Gathered around the historic hall were the representatives of every great nation in the world. Only the smaller neutral nations were missing. The great horseshoe-shaped table held the representatives of every power which banded together to stamp out militarism and absolutism from the earth.

In the center of the great horseshoe sat Clemenceau, the French premier. At his right sat President Wilson. On his left was Lloyd George, the British prime minister.

Across the room and just in front of the section reserved for the guests the German delegates were seated. The contrast was very sharp. The old Prussian arrogance was not revealed by the members of the German cabinet, who had assumed the duty of salvaging what was left of their country.

Marshal Foch There; Not a Delegate

The seating arrangement of the delegates was as follows: On President Wilson's side of the table: Secretary Lansing, Colonel House, Colonel Henry White, General Bliss and after them the French, Italian, Belgian and Greek delegates. Swinging around the horseshoe were the Polish, Portuguese, Rumanian, Czechoslovakian, Siamese, Cuban and Chinese delegates. At the left of Premier Lloyd George were the other representatives of Britain and her dominions and the Japanese. Swinging around the corner were the representatives of Germany, Brazil, Bolivia, Uruguay, Nicaragua, Peru, Panama, Liberia, Honduras, Haiti, Guatemala and Ecuador.

Marshal Foch was seated among the French delegates. He was not a peace plenipotentiary and did not sign the great document.

Of the Italian delegation only three were present—Baron Sonnino, M. Imperiali and Crespi. The others had not arrived at a late hour.

Festive Holiday for All Parisians

Paris was en fete for the occasion. A holiday was proclaimed throughout. From every building hung the flags of the allied nations. Thousands of persons in holiday attire gathered along the roadside to Versailles. The streets as usual were heavily guarded by troops. Through pecked lanes of humanity the delegations passed, one by one, their motors flaunting the flags of practically all nations except those which made up the central powers, and the few neutrals not represented.

The arrival of each delegation was heralded by a trumpeter. After being saluted the members were taken in charge by attendants and conducted to the places assigned for them.

Shortly before 3 o'clock motors left the palace in charge of the French military mission and went to the Hotel Reservoir. Here the German delegates were taken in charge and driven back to the palace, where they waited in an anteroom until the stroke of three, when M. Martin, the master of ceremonies, directed that they be conducted to the hall of mirrors.

The German delegates were last to enter the hall. Following

DRYS MOVE TO PUT WARTIME LAW IN EFFECT

WASHINGTON, June 28.—War-time prohibition will be enforced after July 1 regardless of whether Congress enact enforcement legislation by that time—unless the President intervenes with a proclamation calling off such prohibition.

Wayne B. Wheeler, general counsel for the Anti-Saloon League, announced this afternoon after conferring with "dry" members of Congress.

"We are throwing a man in jail for selling liquor after midnight June 30 without additional legislation," Wheeler said. "The original act provides one year's imprisonment or \$1000 fine for selling of beer, wine or other intoxicating malt or vinous liquor."

VENICE: DEALERS REFUSE TO QUIT

LOS ANGELES, June 28.—Venice liquor dealers declared today that unless plans are changed they will continue to minister to the thirsty after June 30. They said they planned to keep open until Congress passes the prohibition enforcement act.

SEATTLE, June 28.—"They're headin' south in droves," a Seattle ticket agent said, in commenting on the rush of northerners to California before what he termed "the great draught" begins.

Boats and trains for San Francisco this week were sold out weeks in advance. Some late arrivals were even willing to "put up in a tarpaulin or sleep with the porter," transportation men said.

Lieutenant B. C. Collier, head of the Seattle police dry squad, said a police reception committee would be at the depots and docks next week.

PRESIDENT ISSUES PEACE PROCLAMATION

By ROBERT J. BENDER,
United Press Staff Correspondent.

WASHINGTON, June 28.—Germany today signed the peace treaty. Nearly five years after a proud and lustful monarchy started out to conquer the world, a beaten people today affixed its signature to the allied bill of indebtedness and guilt.

Record of the signing, flashed to America, was followed by a proclamation from President Wilson, issued at the White House. It follows:

"My fellow countrymen:

"The treaty of peace has been signed. If it is ratified and acted upon in full and sincere execution of its terms, it will furnish the starter for a new order of affairs in the world. It is a severe treaty in the duties and penalties it imposes upon Germany, but it is severe only because the great wrongs done by Germany are to be righted and repaired; it imposes nothing that Germany cannot do, and she can regain her rightful standing in the world by the prompt and honorable fulfillment of its terms."

"And it is much more than a treaty of peace with Germany. It liberates great peoples who have never before been able to find the way to liberty. It ends, once for all, an old and intolerable order under which small groups of selfish men could use the people of great empires to serve their own ambitions for power and dominion."

MAKES INTERNATIONAL LAW A REALITY.

"It associates the free governments of the world in a permanent league in which they are pledged to use their united power to maintain peace by maintaining right and justice. It makes international law a reality, supported by imperative sanctions. It does away with the policy of conquest and rejects the policy of annexation and substitutes a new order, under which backward nations—populations which have not yet come to political consciousness and peoples who are ready for independence but not yet quite prepared to dispense with protection and guidance—shall no more be subjected to the domination and exploitation of a stronger nation, but shall be put under the friendly direction and afforded the helpful assistance of governments which undertake to be responsible

to the opinion of mankind in the execution of their task by accepting the direction of the league of nations."

RECOGNIZES RIGHTS OF MINORITIES.

"It recognizes the national rights of nationalities; the rights of minorities and the sanctity of religious beliefs and practice. It lays the basis for conventions which shall free the commercial intercourse of the world from unjust and vexatious restrictions and for every sort of international cooperation that will serve to cleanse the life of the world and facilitate its common action with beneficent service of every kind."

"It furnishes guarantees such as were never given or even contemplated before for the fair treatment of all who labor at the daily tasks of the world. It is for this reason that I have spoken of it as a great charter for a new order of affairs."

"There is ground here for deep satisfaction, universal reassurance and confident hope."

\$50,000 HEART BALM AWARDED ROMA RAYMOND

LOS ANGELES, June 28.—After deliberating one hour a jury in Superior Judge Myers' court today awarded Roma Raymond, Polish beauty and screen actress, a verdict of \$50,000 damages in her \$100,000 heart-balm suit against Earle R. Williams, motion picture star. Spectators that crowded the courtroom applauded the verdict.

The suit went to a jury of eight women and four men before noon today.

As soon as the jury retired Miss Raymond became the center of a group of women, who endeavored to comfort her.

In part the court's instructions were: "No damages can be awarded unless you find the defendant entered into an agreement to marry the plaintiff."

"The promise of both parties to a marriage agreement must be mutual, that is, the contract is void unless both agree to the marriage."

MARRIAGE CONTRACT IS REFERRED TO.

"If you find that the plaintiff promised to marry the defendant and the defendant promised to marry the plaintiff, and that, without cause the defendant failed to carry out the contract, then your verdict should be in favor of the plaintiff, Roma Raymond."

"Miss Raymond must prove by a preponderance of evidence that a contract was made. A contract to marry is valid although it does not include a definite date or arrangements for the wedding."

Miss Marie R. Williams, formerly Miss Florine Walz, New York heiress, took the witness stand yesterday and swore Miss Raymond had challenged her to a "love duel" and had threatened to kill her.

Miss Williams testified that she

U. S. EXECUTIVE COMING HOME

(By United Press)

PARIS, June 28.—The agreement under which Great Britain and the United States will come to the aid of France in event of an unprovoked attack by Germany was signed this afternoon. This agreement is drawn up in treaty form and must be submitted to the United States Senate and the legislative bodies of France and Britain for ratification.

(By Associated Press)

VERSAILLES, June 28.—An official report was transmitted from the Hall of Mirrors to the state department at Washington that President Wilson and the American delegation completed signing the peace treaty at 3:14 o'clock, Paris time.

It was also signed by Dr. Herman Mueller and Dr. Johannes Bell for the Germans at 3:13.

The American delegation signed in this order: President Wilson, Secretary Lansing, Henry White, Colonel House and General Bliss.

The other delegates headed by the British signed after the American plenipotentiaries in the order set forth in the treaty.

Remain Seated as Germans Enter

Premier Clemenceau put the direct question to the Germans whether they were willing to sign and execute loyally all the terms. The other delegates did not arise when the Germans came into the hall.

The peace treaty was deposited on the table in the Hall of Mirrors at 2:10 o'clock this afternoon by William Martin of the French foreign office. It was enclosed in a stamped leather case.

Premier Clemenceau entered the palace at 2:30 o'clock. A few minutes before 3 o'clock the fifteen enlisted men from the American, British and French armies entered the hall amid decorous cheers.

Cannon Roar Tells of Signing

President Wilson entered the Hall of Mirrors at 2:15 o'clock. All the delegates then were seated except the Chinese, who did not attend.

The Germans entered the hall at 3 o'clock. Premier Clemenceau called the session to order at 3:10 o'clock.

At 3:44 o'clock cannon began to boom announcing the completion of the ceremony of signing. The signatures had not, however, as a matter of fact, then been completed, for at that time the smaller nations were still signing in alphabetical order.

The proceedings were formally closed at 3:49 o'clock.

When President Wilson and Premier Clemenceau and Lloyd George emerged from the palace the great crowd gathered outside swept aside the cordon of troops, cheering madly.

Cheering Crowd Pushes Back Troops

The three statesmen were swept along by the surging thousands. Many soldiers broke ranks and joined in the demonstration, while guns boomed and low flying airplanes seemed to fill the air.

The German delegates left the hall first, the allied representatives remaining in their seats. Those who had assembled in the hall then went to the terrace to see the fountains playing.

Premier Clemenceau, President Wilson and Lloyd George were photographed on the terrace together and after the demonstration the three allied leaders left the palace.

President Wilson and his party will leave Paris at 9:30 tonight for Brest, to sail for home.

VERSAILLES, June 28.—The greatest war in history formally ended today with the signing of the peace treaty. The ceremony took place in the historic palace at Versailles, proceeding with clock-like regularity.

Premier Clemenceau opened the meeting by assuring the Germans the treaty text was identical with the one presented to them.

The signing was by delegations in the following order: Germans, Americans, British, French, Italians, Japanese and smaller nations.

In the hall of mirrors at the palace there were places for representatives of nearly every race and creed in the world.

The big horseshoe table was on a platform elevated about a foot above the floor. In the center of the horseshoe space was a smaller table topped with brown leather, on which rested the treaty.

Mrs. Wilson and Daughter There

An ancient and valuable brown tapestry carpet was on the floor and the delegates sat at brown tapestry covered tables. At the eastern end of the hall were salons—the Salon de Paix and

their entrance came the German journalists who were assigned to seats in the rear of the press section. M. Clemenceau opened the ceremonies. The pen used to sign the document was of gold, the gift of Alsace-Lorraine. It was made by an Alsatian soldier. On the holder was engraved the images of an Alsatian church tower, a bewhiskered poilu and a flying arrow, inscribed "June 28th, 1919."

Included in the distinguished guests' section were the four war premiers of France who preceded Clemenceau—Viviani, Ribot, Briand and Poincaré.

President Poincaré absented himself for constitutional reasons, sending the seats reserved for himself to his former associates. Immediately after the first signature was attached the wireless on Eiffel tower flung the news to the world. It was picked up by every wireless station in Europe and saluted by salvos of artillery at every allied fortification.

Joy Awaits Ratification by Germany

There was little of world-wide joy and exuberance evidenced by the men who sat around the peace table. In the past it has been customary to exchange felicitations with the enemy delegations. Nothing of the sort was apparent today. It is generally accepted that the German national assembly will ratify the treaty at once in order that the nation may get back to a peace basis and endeavor to build up its economic life.

The weather, which for the past few days has been cold, moderated somewhat today, but was overcast at noon and accompanied by a cold wind.

Long before dawn throngs began pushing their way into the city and surging up against the lines of French cavalry and infantry guarding all approaches to the palace and the Hotel Reservoir, a block away, where the headquarters of the German peace mission awaited the arrival of Foreign Minister Mueller and the new peace delegates from Berlin.

Regal Splendor in the Fittings

The magnificent old chateau that housed the kings of France before the revolution had been gorgeously fitted for the occasion. Rare tapestries, rich carpets and superb furniture were placed in all the apartments through which the allied and German delegates and the six hundred guests and newspaper correspondents were to make their approach to the hall of mirrors, the scene of the ceremony.

The French national furniture depositories were ransacked for their choicest specimens to provide the visitors with rich and harmonious surroundings, and give a fitting setting to the occasion. The finest pieces were placed in the Hall of Mirrors, where the remnant of the collection was the jewel cabinet of Marie Antoinette.

OF GREAT MONARCHS

The central portion of the great hall, accommodating the plenipotentiaries, was raised four inches. Standing in the center was a massive table of the regency style which had been used by Louis XIV. The world's most important treasures. Upon it, first, Premier Clemenceau, as president of the peace conference, and then Lloyd George and President Wilson, the republican delegates, were seated in alphabetical order, followed by the Germans, affixed their signatures, while seated in an arm chair of rose and gold, once the throne of monarchs.

Around this center table were grouped smaller tables for the plenipotentiaries, with magnificently upholstered chairs. On the ceiling overhead were two historic paintings. One, in 1832, one depicting French troops occupying Strasbourg, and the other signaling Louis XIV's victory in driving the Germans across the Rhine.

INCONGRUOUS RELICS OF THE DAYS OF KINGS. Immediately after Clemenceau's seat was the inscription, somewhat incongruous in today's ceremony, "The king alone governs."

At either end of the Hall of Mirrors, upholstered benches had been placed for the correspondents and distinguished visitors.

The allied peace delegates entered the palace from the queen's private through a guard of honor specially chosen from the republican guard. The Germans entered by the main corridor and traversed the apartment of the Dauphin in making their way to the Hall of Mirrors. When all the delegates were assembled, Henry Martin, chief of protocol, entered, carrying the bound, printed copy of the treaty. Clemenceau made a brief address and the treaty was signed. The famous fountains around the Basin of Latona were played as the last signature was attached and the allied and German seats made their egress through doors leading out upon the terrace facing Versailles park.

Terms of Peace Impossible, Say Teuton Envoys

(By United Press)

VERSAILLES, June 28.—Foreign Minister Mueller and Colonial Minister Bell, German signatories of the treaty, today made the following exclusive statement to the United Press:

"We are signing without mental reservation. What we are signing will be carried out. The German people will use every means to meet the terms. We believe the entente will in its own interest, find it necessary to change some of the terms or they will see the treaty is impossible of execution."

"We believe the entente will not insist on delivery of the Kaiser and other high officers. The central government will not assist in any attack on Poland."

"Germany will make every effort to prove herself worthy to enter the league of nations."

GRATITUDE OF FR'NCE SEEN BY PRESIDENT

BY UNITED PRESS. LEASED WIRE TO TRIBUNE.

PARIS, June 28.—President Wilson, upon leaving France, issued the following statement today:

"As I look back over the events of the months I have spent in France, I am struck by the deep sympathy and hearty work alone, but also of innumerable acts of generosity and friendship, which have made me feel how genuine the sentiment of France is toward the people of America, and how fortunate I have been to be the representative of our people in the midst of a nation which knows how to show us kindness with so much character and a manifestation of what is in its heart. Deeply joyful as I am at the prospect of joining my own countrymen again, I leave France with a sense of regret, my deep sympathy for her people and belief in her future confirmed, my thoughts enlarged by the privilege of acquaintance with her public men, conscious of more than one affecting friendship formed and profoundly grateful for the unstinted hospitality and countless kindnesses which have made my stay in France so profitable and of expressing once more my abiding interest and entire confidence in her future."

Five Years Since Duke Assassinated

The world war came to a formal end five years ago today, the anniversary of the death of Francis Ferdinand, marking the beginning of hostilities. On August 1, Germany declared war on Russia and invaded Luxembourg. Germany sent her ultimatum to Belgium August 2, and declared war on France August 3. The next day Great Britain declared war on Germany.

June 28 also is the anniversary of the triple alliance between Germany, Austria and Italy, which has been broken by the war. On June 28, 1890, the German Reichstag adopted a bill creating a new German army, the organization of which is greatly diminished in power by the treaty signed today.

In American history, June 28 is the anniversary of the battle of Monmouth, New Jersey, where, in 1776, Washington defeated a force under Sir Henry Clinton.

U. S. Ratification Predicted, 80-16

WASHINGTON, June 28.—The Senate will ratify the peace treaty by a vote of 80 to 16, Senator Hitchcock, administration spokesman, predicted today.

Of the 80, according to Hitchcock's view, will be Democrats and 24 Republicans. Of the 16 he predicted, 15 will be Republicans and one Democrat.

Senate Unmoved By Peace News

WASHINGTON, June 28.—Senator Hitchcock, who received a copy of the President's proclamation, read it to the Senate. Though the reading was tantamount to official notification to Congress that the war was over, there was no demonstration.

the Salon de Guerre. The Salon de Paix was reserved for distinguished visitors, seating about 300. The Salon de Guerre was for the press and had seats for 60 Americans, 50 British, 60 French, 40 Italians, 25 Japanese, 15 Germans, 70 from smaller powers and 20 from neutral nations. In this salon special American telephone and telegraph lines were installed, over which news of the signing could be flashed to the cable office.

Prominent seats in the visitors' section were reserved for Mrs. Wilson and Miss Margaret Wilson.

The courtyard was a blaze of military splendor, detachments of all the allied armies, with flags unfurled, coming sharply to attention as the delegates arrived in automobiles.

NEAR WHERE GERMAN EMPIRE PROCLAIMED

Two white quill pens and three amber-handled gold pens lay on the main signing table, which stood only a few yards from where William I was crowned and the German empire proclaimed. Quill pens also were on two smaller tables nearby and two gold pens and ivory paper cutters were at each delegate's place. As the allied peace delegates descended the terrace at the conclusion of the ceremony, guns boomed and thousands of jets of water spurted from the fountains in the park.

to see that none of the excursionists bring anything with them. LAST FIVE DAYS TO BE FULL OF ACTION.

Libations in profusion tonight, tomorrow and Monday and bulging hips on Tuesday are the order of the times for those who love to look in the cup that cheers. In the meantime all Drinkdom is awaiting from President Wilson word that Theodore Bell says is to come and make the country safe for the bibulous.

The most puzzled man in Oakland is Chief of Police J. F. Lynch. If the "dry" law is not held up by presidential decree before Tuesday, only J. Lynch probably will have to enforce the law. He has no actual copy of it; does not know what it contains; only knows from reading newspapers that there is such a law. There is no federal provision for machinery to arrest any one who does drink, distribute liquor or make it.

CHIEF LYNCH IS PUZZLED, HE SAYS. "Of course, the saloons are all right; they'll close without being told if the dry law is not held up. Anyhow, I have police powers with them," said Lynch, "although outside of that there's no punishment we can hand them. I have not had a copy of this war-time prohibition law; don't know whether the government expects me to enforce it or will enforce it itself. It's all a new thing to me."

Tonight the celebration of the farewell to John Barleycorn will be started in Oakland and San Francisco. Oakland cafes and saloons will remain open until 1 o'clock, and in San Francisco 2 o'clock will be the closing hour. The city ordinance here provides for staying open until 2 o'clock for New Year's and general holidays, if desired, but Chief Lynch says he cannot consider this a general holiday. However, in the case of a cabaret, if the customer buys his drinks before 1 o'clock, he may stay as long as he likes and prevent his staying at the table and consuming them at leisure.

"I won't stand for that in bars, however," said Lynch, "for that would be too risky—some one might forget and lay four bits on the bar after 1 o'clock."

WILL AWAIT ACTION BY PRESIDENT. Positive information that President Wilson will declare mobilization at an end with the signing of the peace treaty was given to him by Theodore Bell, attorney for the grape growing interests in the state. Bell says that there will be no attempt made to enforce war-time prohibition.

"The whole matter will be up to the courts, which will pass on the intent of Congress at the time the bill was passed," said Bell. "In the courts will be found a practical solution of the matter. The department of justice, I am told, will make no effort to enforce the law, once the peace treaty is signed and the prohibition is lifted."

China's Refusal to Sign Is Approved. Signing of the peace treaty without reservation by the Chinese delegates would have resulted in economic domination of the entire Siam-Kin Peninsula by Japan, even though Japan restored Shantung peninsula and Kichow to China as her ministers have promised, according to Professor E. T. Williams of Berkeley, who was far eastern adviser to the American delegation at Paris.

"We certainly can do nothing but voice highest praise to the men who have stood firm to prevent the loss of their country," he said, commenting on the action of the Chinese delegates in addressing the eighteenth annual conference here of the Chinese Students' alliance, western division.

"If the league of nations lives up to its profession, it must be the court to decide this question on its justice," he added. "All of us love peace, but we must have justice. There can be no lasting peace, except a peace founded on righteousness."

To Free Huns If Treaty Is Ratified. PARIS, June 28 (Havas).—In the completed peace treaty signed today at Versailles, the newspapers say, were certain stipulations which, it was hoped, would hasten ratification of the treaty by the German national assembly.

The Journal says that the allies stipulated that the liberation of German prisoners would be dependent upon ratification of the treaty by the German assembly.

Awakening From Forty-Year Dream Takes 40 Minutes. The Germans were forty years preparing for the war. The treaty, ending their dream world dominion, was signed in as many minutes.

AMSTERDAM, June 28.—The German press is urging a war of revenge as soon as the peace treaty is signed. The Deutsch Zeitung declares: "From today on we must arm. We must repeat daily, 'The God who created iron does not make slaves.'"

WASHINGTON CALM AS PEACE NEWS ARRIVES. BY UNITED PRESS. LEASED WIRE TO TRIBUNE. WASHINGTON, June 28.—Official Washington took the signing of the peace treaty calmly and quietly. In the Senate, President Wilson's address to the American people was read by Senator Hitchcock, but it passed without comment. The marine band serenading Congress on the Capitol plaza, was the only sign of celebration.

Although there was considerable comment on the President's address in private talk among Senators, few made any expression for publication.

Senator Knox, Republican, Pennsylvania, and a former secretary of state, who opposes the league covenant, declined to talk.

Senator Hitchcock, who read the address, a great declaration, an eloquent appeal and an inspiring prophecy for the future.

The House received the President's address with more enthusiasm than did the Senate. Presented by Democratic Floor Leader Clark, the address was read from the speaker's desk while the House stood and punctuated it with applause and cheers. Loud yells from the Democratic side greeted the signature "Woodrow Wilson."

Some members of Congress and others who are watching the Irish question were particularly attracted to that portion of the President's address in which he referred to "people who are ready for independence but not yet quite prepared to dispense with protection and guidance and that the treaty recognizes the inalienable rights of nationality."

21-GUN SALUTE IS ORDERED FROM ALL U. S. NAVY VESSELS

(By United Press)

WASHINGTON, June 28.—Upon the signing of the treaty Secretary Daniels flashed the order to every American naval ship and shore station to fire a salute of twenty-one guns. Secretary Daniels sent the following message to all naval ships and stations:

No Greetings Nor Honor for Germans. BY ASSOCIATED PRESS. LEASED WIRE TO TRIBUNE. VERSAILLES, June 28.—Germany's delegates and the delegates of the allied and associated powers met in Versailles today to sign the treaty, formally ending the war between Germany and 27 other nations.

The credentials of the new German delegates were approved during the forenoon, and everything was ready for the signing at an early hour for the ceremony, set for 3 o'clock.

Last minute changes were made in the program to expedite the signing of the treaty. Two additional tables were placed beside the one in the Hall of Mirrors, on which the peace treaty was laid. One of the new tables held the Thine convention and another the plenipotentiaries, officials and guests to the ceremony.

The thoroughfare was kept clear by pickets, dragoons and mounted gendarmes.

At the end of the Court of Honor in the chateau, a guard of honor was drawn up to present arms as the leading plenipotentiaries passed.

This guard comprised a company of republican guards in brilliant uniform. The entrance for the delegates was by the marble stairway to the "Queen's apartments" and the Hall of Peace, giving access then to the Hall of Mirrors.

MILITARY HONORS NOT FOR THE Foe ENVOYS. The route to the peace table for the plenipotentiaries was through a space reserved for some 400 privileged guests. It had been arranged that the delegations instead of straggling in without order, as when the original terms of peace were communicated to the Germans, should be grouped in groups, each one being formally announced by ushers from the French foreign office.

This formality was not prescribed for the Germans, who were given a 10-minute route of entry, coming through the park and gaining the marble stairway through the ground floor. There was thus avoidance of occasion for the guard of honor to receive them from military honors, those being reserved for the allied representatives. The dismounted guardsmen on the marble staircase and in the "Queen's apartments," however, were instructed to remain in their places for the entry of the Germans.

Within the Hall of Mirrors, the historical furnishings and paintings gave a tone to impressive state which would otherwise have been rather lacking in the assemblage of soberly attired.

In the assemblage of soberly attired delegates, 12 chairs for the plenipotentiaries were drawn up around the center of the table, which formed an open space fully 80 feet in length on its longer side. A chair for M. Clemenceau, president of the peace conference, was placed in the center of the long table facing the windows, with these for President Wilson and Premier Lloyd George on the right and left hand respectively. The delegates were assigned seats at the side of the table in front of the entrance which they took after all the others had been seated.

Forty-five stalwart American doughboys, French poilus and British Tommyes, the real warriors of the peace, were present. Marshals and generals of the allied armies took places on the benches provided for privileged guests, but the fifteen privates from each of the principal armies stood within the enclosure reserved for the plenipotentiaries and high officials of the conference as the visible sign of their role in bringing into being a new Europe.

GERMANS NOT YET REGARDED AS FRIENDS. The soldiers stood in the embrasures of the windows overlooking the chateau park a few feet from Marshal Foch, who was seated with the French delegation at the peace table.

A second change in the program was introduced as a result of the attitude taken by the German government in pressing the general provision of the binding validity of the treaty. The German plenipotentiaries instead of being regarded from the moment of signature as representatives of a formally friendly power with which diplomatic relations had been renewed, had to leave the hall after the signatures separately by the door through which they entered, not joining the general procession of the delegates in the terrace of the chateau to watch playing of the great fountain of Versailles. For them peace will be regarded as concluded from the moment of German ratification.

Wilson Promises to Help France in War. PARIS, June 28.—President Wilson, in reply to an inquiry from Secretary Tumulty on May 5, regarding the proposed pact by which the United States and Great Britain would protect France from aggression, said:

"Happily, there is no mystery or privacy about what I have promised the government here. I have promised to propose to the Senate a supplement in which we shall agree, subject to the approval of the council of the league of nations, to come immediately to the assistance of France in case of unprovoked attack by Germany, thus merely hastening the action to which we should be bound by the covenant of the league of nations."

The signing of the treaty of peace at Versailles users in the best day in the history of the world since the angels sang in Bethlehem "Glory to God in the highest, and on earth peace, good will toward men." We are living in the fulfillment of that prophecy. As a republic, we are grateful to have borne a part in making straight and plain the path of permanent peace with justice to the world. Upon receipt of news of signing of the treaty of peace, the most important document in the history of the world, every ship and shore station will fire a salute of 21 guns with the national ensign at each masthead. (Signed) JOSEPHUS DANIELS.

LONDON TIMES WANTS 'PEACE WITH IRELAND'. LONDON, June 28.—The Times came out today in advocacy of Irish self-government.

In a series of articles advocating the settlement of "peace with Ireland," it says that the prime minister must be willing to get into action looking to this end.

"Ireland shall be her own mistress," declares the article. "We believe in the possibility of promoting Irish welfare under a generous system of Irish self-government."

Awakening From Forty-Year Dream Takes 40 Minutes

The Germans were forty years preparing for the war. The treaty, ending their dream world dominion, was signed in as many minutes.

AMSTERDAM, June 28.—The German press is urging a war of revenge as soon as the peace treaty is signed. The Deutsch Zeitung declares: "From today on we must arm. We must repeat daily, 'The God who created iron does not make slaves.'"

WASHINGTON CALM AS PEACE NEWS ARRIVES

BY UNITED PRESS. LEASED WIRE TO TRIBUNE. WASHINGTON, June 28.—Official Washington took the signing of the peace treaty calmly and quietly. In the Senate, President Wilson's address to the American people was read by Senator Hitchcock, but it passed without comment. The marine band serenading Congress on the Capitol plaza, was the only sign of celebration.

POLICE WORK ON WHITE SLAVE TIP

That Ida Leah Englund of Venice, Cal., and of wealthy parentage, is the victim of a cleverly planned white slavery plot, and that clues to her whereabouts can be obtained in Oakland, is the word received today at Oakland police headquarters from the police of Santa Monica.

The girl's mother is convinced her daughter is detained against her will by white slaves, according to the telegraphic information received. She has never left home under such strange circumstances and great fear is felt for her welfare.

Attracted by her beauty and charms, a cadet is believed to have carefully laid plans for Miss Englund's abduction. This man managed to make her acquaintance and was seen with her several times prior to her disappearance.

Miss Englund is 15 years old and is described as a brunette, with blue eyes. She weighs 134 pounds and when last seen was a tam o' shanter hat and an elaborate plaid skirt. Santa Monica police have reason to believe that some information as to the girl's whereabouts may be secured in this city, according to the report received today.

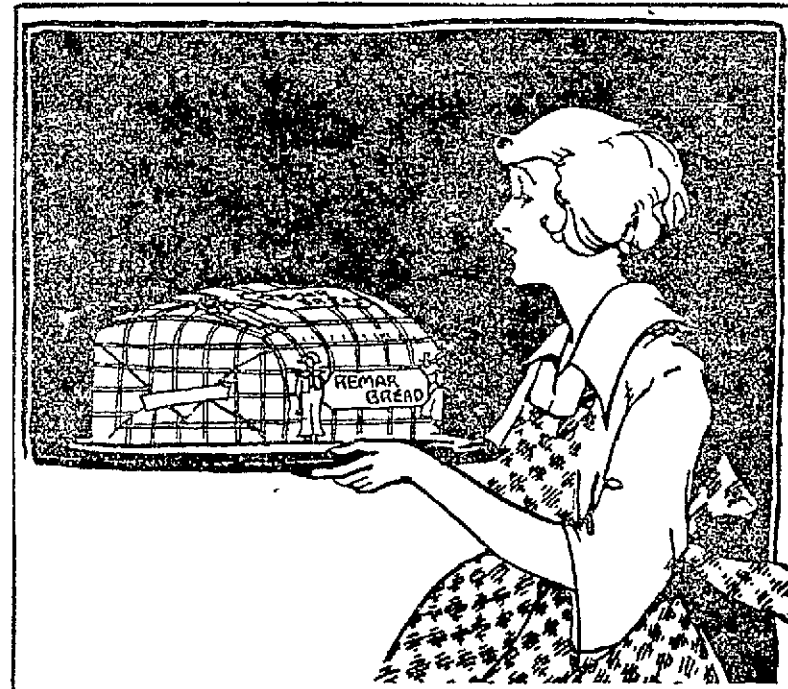

Oakland Soldier at Newport News

Fred Green, son of former Captain of Inspectors Harry Green of the local police department, and a well-known Oakland theatrical man, today arrived at Newport News from overseas, according to a wire received today by his father. Green was one of the first men to leave Oakland for overseas, and was a director of motor transportation work, later being assigned to handle army theaters in French cantonnements. He expects to be home in a few days, after receiving his army discharge.

9400-Ton Freight Ship Is Launched

MARTINEZ, June 28.—The S. S. "MARTINEZ," the fifth of the vessels to be constructed at the Day Point yard of the Pacific Coast Shipbuilding Company, was launched this morning. It is of 9400 tons deadweight, freight steamer type, similar to those built for the Emergency Fleet Corporation by the Moore Shipyards in Oakland.

LIGHTNING STRIPS GIRL. HERINGTON, Kans., June 28.—Miss Mary Harness, while helping her brother, John Harness, in the alfalfa field during the early evening, in an attempt to save the hay from the coming storm, was struck by lightning and all of her clothing torn from her body. She was painfully but not fatally burned.

SOLDIERS TO SEE BALL GAME FREE

Three hundred convalescent soldiers from Letterman general hospital are to be entertained at idora park during the afternoon as a feature of the Fourth of July celebration, which is being arranged jointly by the Merchant's Exchange and the War Camp Community Service. There will be a fireworks display at the park during the evening.

J. Cal Ewing has agreed to admit all men in uniform free to the baseball grounds on the morning of the Fourth of July, at which time the Oakland and Sacramento teams will play. Soldiers and sailors will be required to pay the war tax entrance only. The game will start at 10 o'clock.

IRISH OPPOSE NATIONS' LEAGUE

At a special meeting of the United Irish Societies of Alameda and Contra Costa counties held last night in Liberty Hall, Thirty-sixth and San Pablo avenue, the following resolutions were adopted:

"Resolved, That while favoring the idea of a league of nations based on justice we declare our unalterable opposition to the league of nations covenant as at present constituted.

"We oppose it in the first place as American citizens, because its adoption would constitute an infringement upon some of the sovereign rights of the American republic and because it fails to embody the ideals for which America entered the war and which she agreed to accept as a basis of future peace.

"We oppose it in the second place as friends of liberty, as friends of Ireland who contributed so much to the establishment and maintenance of American liberty. Because instead of removing this covenant, in its tenth clause, seeks to endorse the political slavery of the Irish nation and to make America in future a sponsor for the atrocities of British war lords in Ireland."

A second resolution adopted following: "Resolved, That we endorse the patriotic action of the United States Senate in its prompt passage of the Borch resolution demanding a hearing of the delegates before the peace conference.

For night work, hours have been reduced from eight and one-half and nine to eight. Wages in certain cases have been advanced \$5 and \$6 a week.

Stationary Engineers' Union, No. 507, at its annual election, named the following officers for the ensuing year: A. Von Munch, president; W. Peters, vice-president; N. G. Lindgren, recording secretary; Robert Taylor, treasurer; V. P. Maloney, auditor; M. P. Pearce, conductor; A. K. Butterfield, guard; T. J. Roberts, employment agent; L. A. Wyman, A. Von Munch and C. A. Richards, delegates to the Building Trades Council; A. Von Munch, F. A. Marsh and L. A. Wyman, delegates to the Central Labor Council; J. J. Tracy and C. A. Richards, delegates to the Iron Trades council. There was but one contest, that between T. J. Roberts and J. J. Tracy for financial secretary. Roberts winning by a vote of 250 against 11.

Tourist Travel to France Will Be Held Up 1 Year

WASHINGTON, June 28.—Tourist travel to France from this country will not be permitted before next year, the state department announces. Business men will be permitted to send agents to any European country following the signing of the peace treaty, but restrictions as to the return trip will continue in force because of the needs of space for soldiers and civilian war department employees. Measures to prevent undue travel to Great Britain also will be continued.

RUSSELL LOWRY ACTS FOR C. OF C.

The Oakland Chamber of Commerce will be represented at the national free port conference in New York next Monday by Russell Lowry, one of the directors, vice-president of the First National Bank of Oakland and of the American National Bank of San Francisco. President H. C. Campbell of the Chamber of Commerce announced the appointment today.

The new York conference will consider the recommendations of the Tariff Commission, which began its investigations into the free port proposition in Oakland about two years ago.

The conference also will have presented to it a plan for the establishment of three free ports on the Pacific coast, a like number on the Atlantic coast and one on the Gulf coast. This plan has been laid before the Harbor Development committee of the Chamber of Commerce by Taggart Aston, an engineer, who drew plans for a tunnel to San Francisco when the transbay bridge was considered by a board of army engineers. Aston's plan contemplates the United States standing the entire expense of establishing free ports.

325,000 MEN TO COMPRISE U.S. '20 ARMY

WASHINGTON, June 28.—Senate and House conferees on the army appropriation bill have reached an agreement to fix the average size of the 1920 army at 325,000 officers and men. This total is 75,000 less than that proposed by the Senate and 25,000 more than the strength authorized originally by the House. The agreement means that for the last nine months of the year ending June 30, 1920, the army will be composed of 325,000 officers and men, made necessary by the surplus above 325,000 during the next three months. In announcing that 325,000 was the figure agreed upon, Chairman Wadsworth of the Senate military committee said it was the lowest number that could be named and still keep the army within the limits prescribed by the national defense act, which required the maintenance of an army of 325,000. Another meeting will be held tomorrow, at which the appropriations for aviation, ordnance and other remaining items will be considered. Efforts of the House conferees to reduce increased Senate appropriations in part were successful, the Senate appropriation of \$15,000,000 for barracks and quarters being cut in half, while that of \$3,500,000 for the signal corps was reduced to \$2,250,000. The Senate appropriation of \$430,000 for the military intelligence branch was reduced to \$400,000. Senate amendments fixing the salary of C. W. Hare, director of sales and in charge of disposing of surplus war materials, at \$12,000 a year, and the Senate appropriation of \$140,000 for the Washington-Alaskan military cable were accepted by the House managers. The House provision to make Fort Sill, Oklahoma, a small arms school, but eliminated by the Senate, was restored.

Bassity and James Clancy, two of three partners in the Coronado Bar, 167 Mason street, who were indicted yesterday by the United States grand jury on a charge of dealing in illicit drugs, were arraigned on this charge this morning before United States Judge E. S. Farrington.

At the session of the grand jury indictments were also returned against twenty-two Chinese charging them with the possession and distribution of smoking opium. The indictments against Bassity and Clancy followed a raid early Wednesday morning on the saloon, in which \$2000 worth of cocaine and heroin were seized and marked coins with which government agents had purchased drugs were found in the cash register.

WOULD-BE ACTRESS NABBED BY POLICE

Another would-be "movie actress" has been stopped here on her way south to the land where celluloid dreams are sometimes fulfilled but more often burnt with the characteristic speed of celluloid flame.

This time it was the former Miss Beatrice Lewman, aged 15, who was brought to the Hall of Justice with her husband, Walter Shields, aged 23, yesterday as they were headed toward Los Angeles from their homes in Portland. Shields was held on a warrant for "child-stealing" sworn in Portland by the bride's father, and the young "movie actress" taken to the Juvenile Detention Home.

TEN KANGAROOS ESCAPE IN GOLDEN GATE PARK

If residents of San Francisco near Golden Gate Park wake up on July 1 and see several kangaroos gleefully tearing up their war garden in the back yard, it will not necessarily follow that they have delirium tremens unless the other four kangaroos of the Golden Gate paddock are recovered before that time. Ten kangaroos and two deers escaped from the park through a broken fence Thursday night and it took a posse of police from the park station headed by Sergeant

Patrick McGee all day to round up six kangaroo and one deer. When the deer was captured in a vacant lot on Ninth avenue he refused to be led and so was loaded into an automobile and given its first auto ride back to the enclosure.

U. S. GRAND JURY INDICTS SHIPPING BROKER

L. A. McBride, head of the American Asiatic Company, was indicted yesterday by the Federal District Grand Jury. He is charged with concealing phenol valued at \$5000, with the intention of converting it to his own use. It was consigned to him from New York for trans-shipment to C. Kitamura & Co. at Osaka, Japan.

WIFE HUNGRY BUT STILL LOVES SPOUSE

Although, according to her testimony, Maurice C. Davies, a chauffeur, refused to give her money to buy food and she therefore has been unable to eat for two days, Gladys Davies, his wife, still loves him and is contesting his suit for annulment of their marriage.

Davies bases his annulment suit on the ground that he is under age, being 20 years old. When the young wife told her story before Judge Crothers yesterday, George Eusan and Clarence Morris, attorneys in the case, each say her money with which to purchase food and Judge Crothers issued orders granting her \$75 a month temporary alimony, pending trial of the case. The couple have an infant daughter.

ACCUSED WIFE REPLIES TO HUSBAND'S CHARGES.

Martin Andorko charges his wife with desertion and asks for a divorce. Mrs. Mary Andorko has filed her answer to these charges. She does not deny that she deserted him but her answer recites the why of it as follows:

He chopped off her index finger. He threw her into the cellar of their home and locked her in. On another occasion he locked her in the house, nailed the windows and then set fire to it. She further charges that he has an affinity.

FINED \$25 FOR USING PUNCHED TRANSFER.

Frank Sylvester, a bootblack with a stand at Sutter and Powell streets, "doped" transfers which he picked up on the streets and used them to go to and from his work every day. For this he was fined \$25 by Judge Fitzpatrick yesterday.

GREEKS PLAN SOCIAL.

RICHMOND, June 28.—Plans are being made by the local Greek fraternity for a social time in Pythian Castle on next Monday night.

SON LOSES LIFE IN EFFORT TO RESCUE MOTHER

BAKERSFIELD, Cal., June 28.—Forest Moore, aged 35 years, lost his life Wednesday night in an attempt to rescue his mother, Mrs. E. A. Whitley, from her burning cabin in the Kees valley, 50 miles northeast of Bakersfield, according to the statement of Coroner A. J. Dixon, who returned from the mountain valley today. Mrs. Whitley was sleeping alone in her cabin with the door locked. Her son and his wife were sleeping in the open air about 10 feet from the house. When the flames were seen Moore ran to the door and, finding it locked, clambered through a window to reach his mother, who was not strong, and carry her to safety, but was overcome and both perished.

The ashes of mother and son were buried in the same grave, with a large number of mountaineers attending the funeral. Mrs. Whitley was one of the pioneers of the upper Kern river country.

15,000 CHICAGO EMPLOYEES QUIT

CHICAGO, June 28.—Chicago is being "poisoned," city officials said today. With garbage collectors on strike, health officials feared an outbreak of disease. Administrative officials said another "poison" was working on Chicago labor, and expressed a fear that a general demonstration may be made before the proposed Mooney strike of next Tuesday.

Bricklayers and hod carriers were on strike today.

Rumors of a street car strike beginning Monday were current.

Today 15,000 employees of the city itself were idle, demanding more pay. Health inspectors, policemen and firemen considered strike votes in case their appeals for more money are unanswered.

Safe Weighing Ton Is Stolen; \$1000 Taker.

SAN FRANCISCO, June 28.—Samsons among thieves last night removed a safe weighing more than a ton from the drugstore and sub-postoffice of Claude Engel at Twentieth avenue and Geary street. The safe contained more than \$1000 in stamps, money orders and cash. A patrolman found the backdoor of the store wide open and the light usually burning over the safe extinguished. The robbers evidently had driven a wagon up to the door.

Mackensen to Lead Army Against Poles

AMSTERDAM, June 28.—Field Marshal Mackensen, former German army leader, will take command of the Hungarian army for operations against the Polish army, according to a despatch from Cracow today. The despatch said Mackensen, at the head of 10,000 Germans, arranged a treaty with the Hungarian rebels whereby he takes over the command.

What is an Advertisement?

The word advertisement is derived from *advert*, which means "to turn the mind toward."

The purpose of advertising is usually to sell some—either service or merchandise. Advertising, therefore, is the art of selling through publicity.

The United States is the leading advertising nation of the world. The story of the success of its merchants and manufacturers through advertising reads "more like the tales of the Arabian Nights than the sober facts of the Twentieth Century."

Advertising helps to make a business successful. But advertising cannot—will not, do it alone. The product must be right and the price must be right. These are facts of the Twentieth Century."

Advertisement—noun—derived from the word *advert*—meaning "to turn the mind toward."

To turn the mind toward what?

Trustworthy goods at trustworthy prices.

NORTHCOTT'S LAWYERS FIGHT FOR APPEAL

REDWOOD CITY, June 28.—White District Attorney Franklin Swart is preparing to prosecute others whose names are linked with that of Dr. Ephraim Northcott, held guilty by a jury in the superior court here of the murder of Inez Elzabeth Reed, efforts are being made by Northcott's attorneys to appeal the case.

H. H. McPike, one of the attorneys for the convicted Oakland physician, has prepared a set of allegations on which the move for a new trial will be based. He alleges error in the transcript, in the procedure by which the second degree verdict was arrived at, and holds that the evidence of others liable to go on trial in connection with the Northcott case was inadmissible.

Swart in the meantime holds that the trial was regular, and says that he does not foresee that an appeal will be granted. He is busy, he says, arranging to bring to trial others in the case. A conference with Captain Duncan Matheson of San Francisco, he says, will determine whether Mrs. Frances Cronin, Mrs. Frances Ayers, former Police Officer Allen Noreen and others named in the case shall be brought to trial, and whether perjury charges shall be brought against certain witnesses.

Dr. Northcott was in consultation with his attorneys today in a cell in the Redwood City jail. McPike says motion of appeal will be argued for him before Judge Buck, and if necessary, before the supreme court.

SALINAS RODEO FULL OF THRILLS

SALINAS, June 28.—Even the Society for the Prevention of Cruelty to Animals, which stepped in and arrested a champion "bull-dogger," Dick Blankenship, could not halt the success of the Salinas Rodeo in a session that was marked by the conquest of Pancho Villa.

Pancho is a horse, and until yesterday was accounted one of the three champion buckers of California. He is now a docile pony, ready to respond to the "leather" of Jim Clark. The contest was a wonder for sensation. Pancho bucked and twisted with all the fancy movements known to equine kind, but Jim Clark stuck.

In the case of Coyote, the tale was different. As a bucking horse, Coyote still waves his proud mane today. The crowd knows him for a bucking nonpareil, with a spin that gives the go-by to the best of buck riders. His victim yesterday was Alvo Lefkovich of San Francisco, who after a few minutes' battle landed a half dozen yards away.

Just as Dick Blankenship was about to conquer a dandy bull in the "bulldogging" contest, he was ordered by an agent of the S. P. C. A. to desist. Blankenship had never heard of desisting until the "bull" was conquered, so was quite deaf to the other's importunities. When he pulled the bull over by sheer force he was arrested. The public howled and cat-called, but Blankenship was taken away. Later he was released on bail.

A prominent visitor here is General Morrison, who arrived from San Francisco today by airplane. Judge M. T. Doelling of the United States District Court, who has a cattle ranch at Hollister, also is in attendance.

U. S. DESTROYER MAKES 34 KNOTS IN TRIAL RUN

Speed of more than thirty-four knots an hour and a record of less than a minute in reversing from full speed ahead to full speed astern proved the efficiency of the new United States destroyer Sproston on her trial trip yesterday. As a result of her acceptance by Captain T. M. Potts of the navy department, the Sproston is now a part of Uncle Sam's fleet.

The Sproston was constructed at the Union Plant of the Bethlehem Shipbuilding Corporation. Her trial trip continued for more than 200 miles. When she passed through the Golden Gate, her twin propellers registered 434 revolutions per minute, driving the small craft at a speed of 34½ knots an hour.

\$5000 Damage Suit for Injury by Auto

Damages in the sum of \$5000 are demanded in a suit by Mr. and Mrs. R. S. Cogan against the Western Heavy Hardware and Iron Company today, in which it is alleged that the plaintiffs were knocked down and seriously injured by the defendant's truck on October 26, 1918, at Fifteenth and Broadway, as the result of the negligence of the driver.

Congress to Repeal Daylight Saving Law

WASHINGTON, June 28.—Repeal of the daylight saving law is now certain unless President Wilson acts. Both houses of Congress have agreed to the conference report on the agricultural appropriation bill which carries a repeal rider.

TWO ROOMS ROBBED.
Two rooms in local hotels were entered last night and cash amounting to \$34 was taken, according to a police report today. Tom Pappis, Atlantic hotel, placed \$23 under his pillow when he retired. It was missing this morning. Twelve dollars was extracted from the trousers pocket of pants owned by P. H. Flynn, Wilson hotel.

MAN IS RUN DOWN.
SAN FRANCISCO, June 28.—F. H. Timberlake, an automobile salesman, was run down in front of the Rialto building, Second and Mission streets, by a car driven by A. Lindsagok, who was arrested on a charge of battery. Timberlake was removed to the Central Emergency Hospital.

FISHERMEN IN UNION.
WANGELZ, Alaska, June 28.—Alaska Labor Union No. 10 has been organized here with seventy-five charter members. Ninety per cent of the members are fishermen.

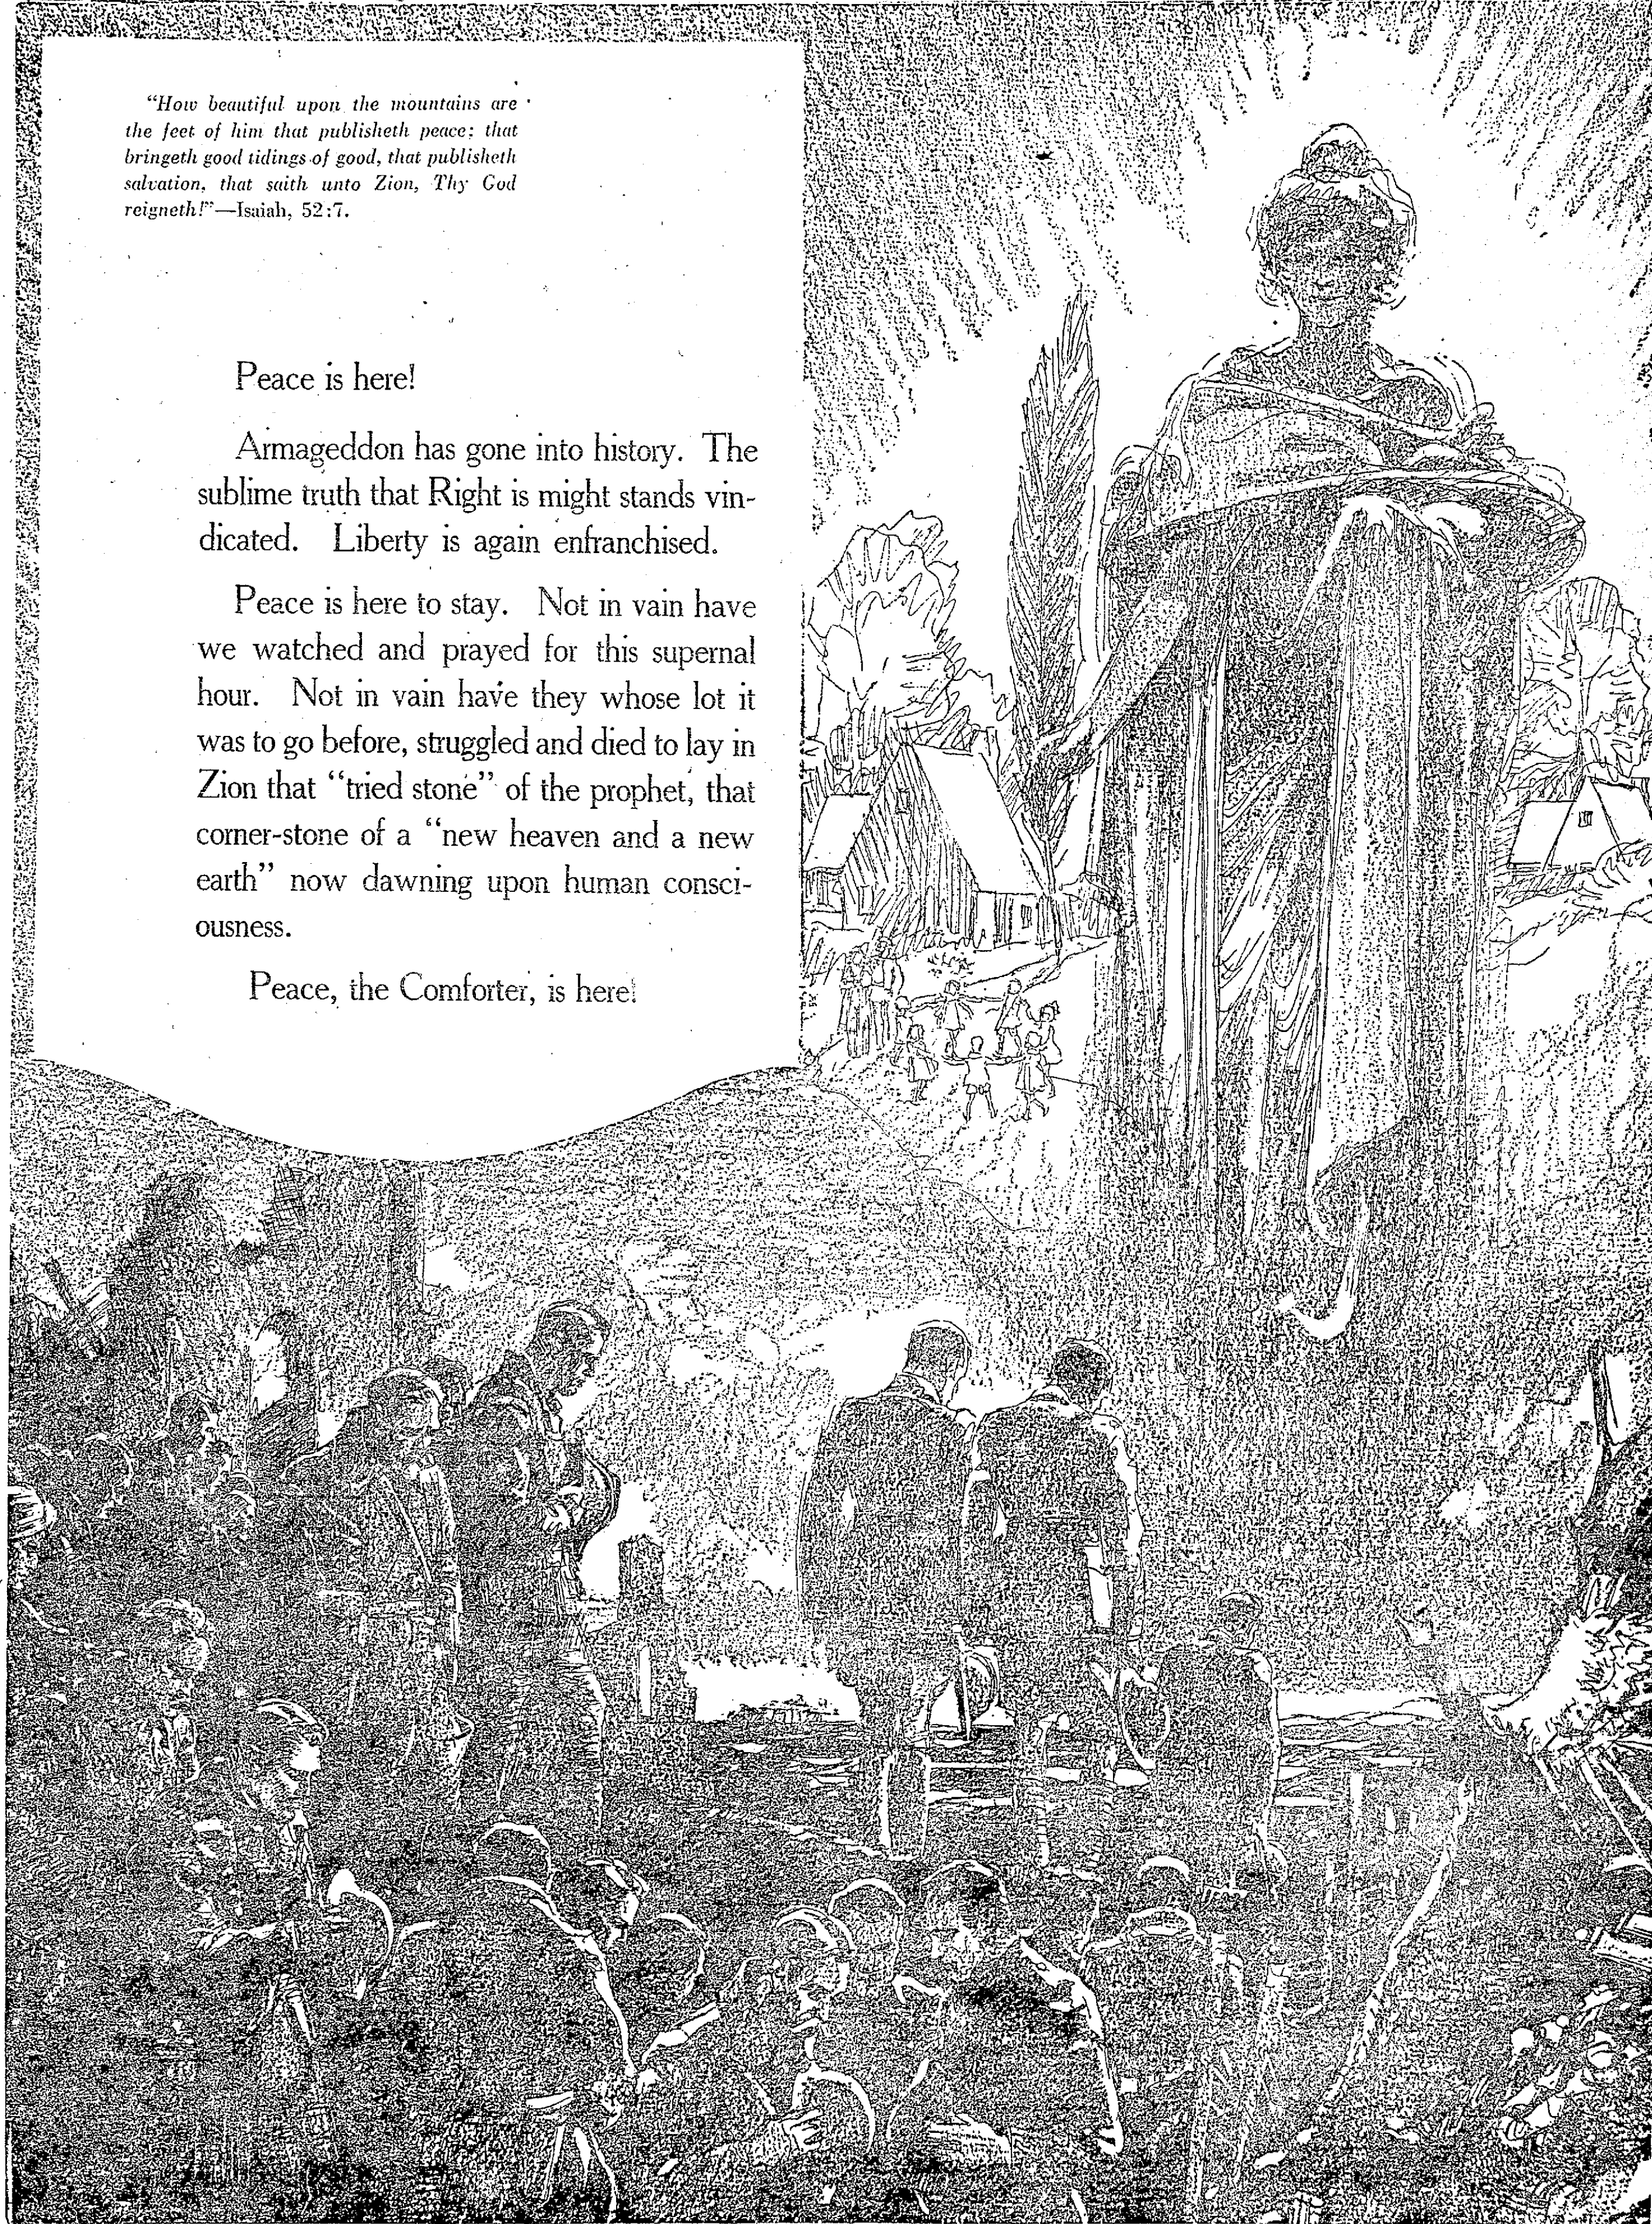

"How beautiful upon the mountains are the feet of him that publisheth peace; that bringeth good tidings of good, that publisheth salvation, that saith unto Zion, Thy God reigneth!"—Isaiah, 52:7.

Peace is here!

Armageddon has gone into history. The sublime truth that Right is might stands vindicated. Liberty is again enfranchised.

Peace is here to stay. Not in vain have we watched and prayed for this supernal hour. Not in vain have they whose lot it was to go before, struggled and died to lay in Zion that "tried stone" of the prophet, that corner-stone of a "new heaven and a new earth" now dawning upon human consciousness.

Peace, the Comforter, is here!

Comiskey expected to be good party.

"Following a conference with Comiskey I am going to Boston to talk matters over with him. I have heard that he is going to New York to see what the Giants and Yankees have to offer. I am sure that he will have the money in my pocket and price will be no object if some of the best players in the league can be had. I am sure that I will be able to get at least a couple of good ones."

Foreman Howard forgot to bat.

The Oakland lineup was switched. Kid Wakes sat in at second base in place of Sammy Bohne and Sammy Bohne sat in at third base in place of Foreman Howard. The new combination worked nicely and was permanent. Bohne belongs in the outfield and Howard in the outfield. Bohne belongs in the outfield and Howard in the outfield.

The Oakland Tigers and Seals all got in on the neck yesterday, while the Oaks won.

Sacramento defeated Los Angeles 7 to 1 in the rubber town boys scoring all their runs in the second inning, working Bill Peritt and Paul Pittory for the first three innings. The Oaks won 4 to 1 in the second inning when two were out.

Bill Peritt started for the Coyotes and when the Angels showed signs of getting to his shots in the fourth inning he was taken out for two runs. He had been scored Clinton Frough took his place and did a lot of good work, for which he will get credit.

Struck out in the first and a Willie forced Wares in the second. Again, in the third, the locals jammed the corners and overpowered the visitors. This time young French came to the rescue of our team by dropping a pop fly from first. Let's be but the rescue of our team by dropping a pop fly from first. Let's be but the rescue of our team by dropping a pop fly from first.

Two-run handout was nothing to Wares. He had staked our gang to three and four runs all week and then beat them. To Bill was no trouble at all. He was a little bit worried over a little bit. Deny Willie ended up matters for the Swashes in the sixth when he dropped a fly in right field that let the enemy tie the count. Derrick singled with one down and was out at second base. Thomas at third binged to land Thomas at third and the pitcher scored when Willie dropped a pop fly from first. Then Compton and Cunningham engineered a successful double steal. The Swashes were in the lead 4 to 3 and was thrown out trying to swipe third.

AUNT ELSIE'S LETTERS TO HER KIDDIES

I wonder if Jimmy Squirrel ever has as merry a time down in Squirrel Hollow as I have with my kiddies? Do you know what I play to myself when I am not writing to you? I play that our corner is the duckiest little secret den and that we all run away there and have the most SCRUMPTIOUS times joking and laughing and turning flip-flops and making up fairy stories. It's a sort of a MERRY MYSTERY that none of the grown folks know about.

Here's a story that I've made up for you. I suppose they read our columns some times, but I'm SURE they can't guess half the jollies we're having. I guess if they could they wouldn't want to stay grown folks any more. I suppose they'd want to be like us and have the most fun and the most jollies. I guess if they could they wouldn't want to stay grown folks any more. I suppose they'd want to be like us and have the most fun and the most jollies.

How So Many Harbells Came.

Once there was a little fairy and she lived in a little fairy house. She was very pretty and she had a lot of friends. She was very happy and she had a lot of fun. She was very kind and she had a lot of love. She was very brave and she had a lot of courage. She was very smart and she had a lot of wisdom. She was very beautiful and she had a lot of grace. She was very gentle and she had a lot of kindness. She was very strong and she had a lot of power. She was very wise and she had a lot of knowledge. She was very good and she had a lot of virtue. She was very kind and she had a lot of love. She was very brave and she had a lot of courage. She was very smart and she had a lot of wisdom. She was very beautiful and she had a lot of grace. She was very gentle and she had a lot of kindness. She was very strong and she had a lot of power. She was very wise and she had a lot of knowledge. She was very good and she had a lot of virtue.

LOLA SMITH.

297 Seventh street, Pacific Grove. I am sure that even the wee fairy couldn't have told a better story than that. I think it was real MEAN of the fairy queen not to let the little fairy come back. Don't you? The next time I see her I'm going to come back and ask her to let the fairy come back again. I'm going to find her when you go to the woods. So be sure you watch for her!

GEORGE SAMUEL.

Here's some more about my Aunt Elsie. He is all white with a black head and one little white spot in front of his left ear and a little brown spot behind his left ear. He is quite big and has a big brown spot on his left side. My garden is growing finely. Your old friend.

GEORGE SAMUEL.

208 Ark Street, Vallejo. George was one of very first girl chums and she and her guinea pig are jolly chums. She is one of the war garden girls that Uncle Sam is so proud of and Elsie and I love to have for her own little girl.

BERNADINE BUCK.

Dear Aunt Elsie: I read our page the first thing after Sunday school every Sunday. I like it so much. I have a dog and a cat. The dog whose name is Bruno is four years old and the cat, Rudy, is two months old. They play together so nicely. Rudy, the cat, Bernadine and I like Jimmy Squirrel. The other day he got on the table after some chocolate cake. He licked the frosting off and left the rest. I have some cunning baby chicks. When I feed them they act as if they had had nothing for a week. This is the fourth time I have written this letter. Mother thought the letters were for smaller children. With millions of kisses.

BERNADINE BUCK, 11 years.

1218 College avenue, Alameda. I'm the little boy next door and I want to write to you. Here is his letter.

Dear Aunt Elsie: I go to kindergarten and am five years old.

Bernadine is writing what I tell her to. I send you kisses.

ALBERT MEYER, Alameda.

Goodness! But I liked all those kisses and I won't share a single teeny-weeny one, so you needn't ask! I'm so glad for that. Bernadine and Albert chums that I wish I could bark! And indeed this column is not meant for children of any age.

SUPPORT FOR BEAMS.

PATROLMAN IS SUSPENDED ON FIGHT CHARGE

Action has been left for Commissioner F. F. Morse in the case of Alexander Trotter, patrolman, accused of striking Captain Walter J. Petersen, head of the police inspectors' bureau, last night, of attempting to draw a revolver on his superior officer and of making remarks detrimental to the army unit of which Petersen was battery commander. Petersen has made a report of the occurrence to Chief Lynch, but has filed no formal charges.

Lynch said today he would temporarily suspend Trotter, pending action by the commissioner. Petersen says he will file no charges. "There is no use filing charges in this police department against any one for anything," said Petersen. "All that's ever done with a policeman accused of anything is a nominal fine imposed and then remitted. I don't care what's done in the matter."

Lynch says Trotter's temporary suspension will start tonight. Called on to explain. The attack on Petersen took place last night in Petersen's office, according to the captain of inspectors, after Petersen had called Trotter in to explain remarks alleged to have been made by him derogatory to the army company Petersen headed. Samuel Morgan, a member of Petersen's battery, had reported to Petersen that Trotter had stated that "any man who joined Petersen's outfit should have his head blown off." Morgan today before Chief Lynch reiterated that statement and charged that last night, after the fracas Trotter had thrown him up in North Oakland and attempted to intimidate him.

"Trotter told me not to come down here today," said Morgan, "and not to see the chief or Petersen. He said it would be all right if I went to see Commissioner Morse."

According to Petersen he upbraided Trotter in his office for the alleged remarks against the army unit. Trotter denied making the remarks, said Petersen. "I stepped from my desk to open the door from the man suddenly struck me from behind. I turned, whereupon he reached for his hip pocket as though to draw his gun. I then opened the door and he made a

Burleson Predicts End of Strike Phone Situation Is Growing Acute

While telephone strikers were setting down today for a long strike, with all negotiations so far apparently futile, word came indirectly from Postmaster-General Burleson, through Senator James D. Phelan, representing the cabinet member as confident that the strike will be over in a day or two.

Another optimistic note was struck by International Vice-President L. C. Grasser of the Brotherhood of Electric Workers, who declared reports of a "deadlock" were exaggerated. He denied that an actual deadlock existed, and said that there are still hopes of mediation.

In the absence of a reply to the telegraphic appeal sent Burleson last night by Mayor James Rolph of San Francisco, with the sanction of union representatives, the views of the postmaster-general as given in the Phelan message are considered significant. The Senator sent the following wire to the superiors' strike committee, in reply to an appeal sent at the same time as the telegram to Burleson:

TEXT OF MESSAGE
"Your telegram received. I personally saw Postmaster-General Burleson today, who said that an agreement was made with the International Brotherhood of Electric Workers by which the strike was to be called off, and was called off."

DEATH THREAT TO BERKELEY WOMAN SIFTED

BERKELEY, June 28.—Clippings from a newspaper bearing threatening inscriptions written in red ink sent to Mrs. L. L. Gage, well-known society matron residing at 2732 Claremont Boulevard, are being investigated today by Chief of Police August Vollmer.

Mrs. Gage received the threats yesterday and immediately turned them over to the police. Enclosed in an envelope postmarked "San Francisco, June 26," was a double page section of a Sunday society supplement of a San Francisco paper with a picture of Mrs. Gage and other well-known Eastbay women sitting on the veranda of the Claremont Country Club circled in red ink.

On the back page of the same section is a red arrow which points to the circled pictures. "Names of all parasites are being listed in the 'redbook' for use during the coming revolution!" is the inscription written in red ink in the arrow.

Clippings from various papers telling of bomb terrorism plots and other evidences of social unrest are pasted on the back page of the paper.

According to Chief Vollmer, the mailing of the paper is the work of an individual person who has been sending similar clippings to prominent people of the bay section. Governor William D. Stephens, it is declared, received a similar anonymous communication.

The municipal auditorium was granted the Sealers of Weights and Measures convention, August 27, 28 and 29, and to the Beth Eden Baptist Church for a public meeting July 12.

The Eastern Auto Company was granted a license to operate stages and freight autos between here and Livermore.

The salary of auto hostlers was officially set by the council today at \$15 per month, instead of \$12, as originally fixed by agreement between the workers and the Civil Service Board.

German Convicted by U. S. Army Court
COBLENZ, Thursday, June 27.—Frederick Ketterman, under officer in the German army, has been convicted by an American military commission of recruiting civilians within the American occupied area. This was held to be a violation of the armistice terms and a violation of American military regulations. Ketterman was sentenced to six months.

SPRING THRESHING PAYS.
BELLARE, Kans., June 28.—Fred Wheeler, a local threshingman, is blessing the fact that he waited until this spring to thresh the wheat. He has 105 shocks of wheat to thresh before the new crop comes on. He hadn't time last fall. Wheat then sold around \$2 a bushel. Now it is worth from \$2.50 up.

TWO SEAMEN ROBBED.
John Larsen and Charles Brown, both sailors, were robbed last night, according to the reports to the police. Larsen says he was knocked down near the Sunset wharves and relieved of some change he carried. Brown says he was "stuck up" by two armed bandits at Twelfth and Clay streets and relieved of \$25.

CHURCH SERVICE TO CELEBRATE ENDING OF WAR

BERKELEY, June 28.—A special service in celebration of the signing of the peace treaty will be held at the First Baptist Church, Dana and Haste streets, at 7:30 o'clock tomorrow evening. The music and sermon will be in keeping with the occasion. In addition to the music of the chorus choir, the "Marsellaise" will be sung by Miss Lydia Sturtevant.

The theme of the pastor, Rev. David Pitt, will be "The Kingdom of the Christ and the Kingdom of the Kaiser." An invitation to the general public, especially summer visitors, is extended for the meeting.

THOROUGHFARE WORK ORDERED

Jefferson street, between Ninth and Tenth streets, has been ordered repaved and repaved by the city council as the latest step in the program of improvement of older downtown streets, now under way.

The council has already started work in several blocks on Broadway. The work planned will embrace all the older downtown streets.

Improvement of Twenty-third avenue from Railroad avenue east, and opening a street from East Fourteenth street north between Twenty-seventh and Twenty-eighth avenues, on land deeded to the city by Theodore Gier, was also ordered. Order for the improvement of Thirty-eighth avenue from Last Fourteenth street to the old California Railway was ordered rescinded.

The city council today passed the Soderberg ordinance providing for free dockage for foreign ships, designed to meet a similar arrangement by San Francisco in bidding for foreign ship dockage.

The municipal auditorium was granted the Sealers of Weights and Measures convention, August 27, 28 and 29, and to the Beth Eden Baptist Church for a public meeting July 12.

The Eastern Auto Company was granted a license to operate stages and freight autos between here and Livermore.

The salary of auto hostlers was officially set by the council today at \$15 per month, instead of \$12, as originally fixed by agreement between the workers and the Civil Service Board.

German Convicted by U. S. Army Court
COBLENZ, Thursday, June 27.—Frederick Ketterman, under officer in the German army, has been convicted by an American military commission of recruiting civilians within the American occupied area. This was held to be a violation of the armistice terms and a violation of American military regulations. Ketterman was sentenced to six months.

SPRING THRESHING PAYS.
BELLARE, Kans., June 28.—Fred Wheeler, a local threshingman, is blessing the fact that he waited until this spring to thresh the wheat. He has 105 shocks of wheat to thresh before the new crop comes on. He hadn't time last fall. Wheat then sold around \$2 a bushel. Now it is worth from \$2.50 up.

TWO SEAMEN ROBBED.
John Larsen and Charles Brown, both sailors, were robbed last night, according to the reports to the police. Larsen says he was knocked down near the Sunset wharves and relieved of some change he carried. Brown says he was "stuck up" by two armed bandits at Twelfth and Clay streets and relieved of \$25.

BRACKETT GIVEN WEEK TO PLEAD

SAN FRANCISCO, June 28.—Dr. George S. Brackett, discharged federal physician, who was indicted yesterday by the Federal Grand Jury on charges of perjury and appropriation of government funds, was arraigned today before Circuit Justice W. W. Morrow. Dr. Brackett was given until next Saturday to plead, on application of his attorney, Leon Samuels.

Connection of Dr. Brackett's wife with the case, as a conspirator, is alleged in the indictments. They were married after the investigation of the physician's office was begun. She was formerly his office nurse and Dr. Brackett is alleged to have put out a false voucher for \$30 for services he asserted she gave in an operation on Edith Hammond. No such services were given, it is charged.

Application was made in federal court today to drop the cases against Attorney E. F. Newburgh and Dr. Charles Swartz, indicted on charges of attempting to bribe Dr. Brackett. Assistant U. S. Attorney James E. Colston made the request before Justice Morrow, declaring that due to Dr. Brackett's indictment his word would carry little weight with a jury, and as the government rested its case principally on his testimony it would be useless to go on with the prosecution. Attorney General A. Mitchell Palmer is expected to order the indictments dismissed.

WILSON TO LIVE ON CALIFORNIA RANCH, REPORT
SANTA BARBARA, Calif., June 28.—Increasing credence is being given reports here that President Wilson, and not William G. McAdoo, will be the one who makes his home on the beautiful 165-acre tract McAdoo purchased here last fall.

It was reported that the purchase had been made for President Wilson at the time the deal was consummated, but the report never was verified. Word now has been received indicating that the President intends to come to Santa Barbara for a rest this fall.

Seattle Employees Form Pay Raise Union
SEATTLE, June 28.—Approximately 600 city employees, representing sixteen organizations, at a mass meeting last night voted to form one big union for the purpose primarily of seeking a \$60 a month increase in pay for every city employee. The increase would be \$60 a month over the 1915 scale. The union and firemen would be included. It was also voted to have representatives of the civic employees' union in the Central Labor Council.

PINE WHEAT IN KANSAS.
SALINA, Kans., June 28.—Samples of wheat 5 feet tall, with heads 5 inches in length, were brought into Salina by farmers to show the heavy growth of wheat. The straw is heavy and rank, but in most cases is in first-class condition. The harvest in this part of the state will not be in full swing until the latter part of June.

AMERICAN "OFF" RETURNS.
NEW YORK, June 28.—Captain F. E. Kunder of Gravette, Ark., one of the premier aces in the American air service, returned from France aboard the transport Tiger.

The Jingles in The Headlines

By Harve Westgate
Five years ago a count was killed, and Kaiser Bill got out his sword and gobs of Europe's blood were spilled, and twenty million men were sored; but Bill at last was put to flight, and peace now reigns around the world, because Uncle Sam got in the fight, and U. S. flags were there unfurled.

The news is flashed from east to west, from north to south around the earth, that Hunnish rule, put to the test, destroyed each nation's joy and mirth; but now that Boche rule is done, age, gone forever and a day, and Paris sees the new peace dawn, and every Frenchman now is gay.

The lid is off in Frisco Town, and wild will be the days to come, as men and maids their troubles drown, and drink from rise to set of sun; all night they'll order beer and wine, and sip cocktails rare and old, and dance and sing and cheer and dine, and fairly spend a mint of gold.

Laws Ratified in North Dakota
FARGO, N. D., June 28.—With less than 400 precincts to hear from of the 1918 in the state, the seven Nonpartisan League laws voted on last Thursday have been ratified by the voters by a majority of from 5000 to 10,000, according to present returns. The vote now stands as follows: For the laws, 42,329; against 40,939.

America Beaten at Baseball by Canada
PERRIER, STADIUM, France, June 28.—Canada defeated America at baseball by a score of 2 to 1. The Canadian victory was largely due to the pitching of Ernie Tate of Port Huron, Mich. On the Canadian team were two other Americans, Captain Jack Edis of Philadelphia and Gilpatrick of Oron, Me.

C. J. Stout, Chicago, won the final of the 1500-meter run at the international games today. Time, 4:53 1-5. Paddock, Pasadena, Calif., won the finals of the 200-meter run, tying the world's record at 21 3-5 seconds.

"Lone Star Ranger" Comes to the American Tomorrow

WILLIAM FARNUM, celebrated Fox star, who plays the title role in "The Lone Star Ranger," which will be featured at the American Theater all next week, starting with the matinee tomorrow.

FILM VERSION OF ZANE GREY'S FAMOUS STORY FILLED WITH THRILLING INCIDENTS

William Farnum, eminent romantic actor and brilliant delineator of strongly dramatic roles, comes to the American Theater for a week's engagement commencing with the matinee tomorrow in "The Lone Star Ranger," a pictureization of Zane Grey's absorbing story of romance and adventure in the great Southwest during the exciting days when cattle rustlers and other desperate bands of marauders tried their nefarious trade along the Texas border.

The play is filled with stirring scenes, thrilling incidents and gripping situations and is said to give William Farnum greater opportunity than has any production in which he has previously appeared for the display of his extraordinary ability to portray the emotional, pathetic and the heroic.

A second feature of the picture program will be "Cowboy Court," a pictureization of George Barr McCutcheon's story of the same name, starring Peggy Hyland.

The performances tonight close the remarkably successful engagement of Owen Moore in Rex Beach's "The Crimson Gardenia."—Advertisement.

COFFEE

Announcement Extraordinary No. 2

It is with the deepest regret that LONG, THE COFFEE MAN, has to announce to his friends and customers that on and after July 1st LONG'S BEST COFFEE will be 40 cents per lb. The wholesale price of coffee has been steadily advancing until now the cost of green coffee in the countries of production is three times what it was one year ago. It is going up every day, so that within the last month it has advanced fully 10 cents per lb.

There are two reasons for this rapid advance:

1st—A heavy frost occurred in Brazil shortly after the flowering season last spring, killing many of the trees outright and reducing the crop to about one-third the normal yield. When you come to consider that Brazil produces about 80 per cent of the coffee of the world this was a very serious matter.

2nd—As soon as the armistice was signed, European and American speculators went at once to the coffee-growing countries and bought up all the surplus coffees in sight; with a view of unloading the coffee at a big price in Germany and Austria just as soon as the peace pact was finally signed.

We had three ways in which to meet the situation:

The first would be to reduce the quality, which we are sure, you would not want us to do.

The second, would be to go out of the coffee business altogether, which we cannot afford to do for it would practically sacrifice a life-work on our part and our customers would be forced to pay from 55 to 60 cents per lb. for the same quality of Long's Best Coffee.

The third, was to raise the price to 40 cents, which still gives little profit and saves the Eastbay community \$50,000 per annum on their coffee bills.

Did you ever stop to give us credit for being the principal influence in this community, which has kept the price of coffee within reasonable bounds for the past five years?

We have actually saved to this bay region at least one quarter of a million dollars during this period. We want you to think about this matter carefully and want you to feel and realize that LONG, THE COFFEE MAN, is in this business first of all to serve you, to save you money and to give you the square deal in every respect.

We want to say, further than this, to all of our 15,000 regular customers, that if you do not believe we are giving absolutely the best coffee value, we would be very glad to have you try a pound of the other fellow's 40-cent coffee. This test will settle the question for you.

Our motto has been and always will be while we remain in business:

"Honest Goods---Full Weight---Lowest Price---The Square Deal"

Try us and be convinced that we are in a position to serve you.

In order to protect our coffee stock and to prevent the hoarding of coffee we are obliged to place a limit of 3 pounds of coffee on each sale.

OPEN SUNDAY AND EVENINGS

B. Y. P. U. in Merry Trip To Capitol

Long to be remembered was the Oakland-Sacramento intermediate B. Y. P. U. conference of Sunday, June 22. The Oakland delegation, including delegates from First Baptist, Tenth Avenue Baptist and Twentieth Avenue Baptist churches left on the Comet over the O. A. & E. at 9:30 o'clock, 82 strong.

On the way up the train commissary and stations en route were busy. The train carried many nuts and other such trimmings due to the heart of high school youngsters. The special intermediate coach was full of boys and there was plenty doing all the way up.

without mishap. A line of march was taken up K street, thence down Tenth to the First Baptist church where the Sacramento Unionists were waiting with a good dinner. Pastor Langford and State Director of Young People Thomas were on hand, and the crowd was kept mixing until dinner

was served. At the tables, besides the usual fare, a special menu of considerable yolling. One feature of the lunch was the Oakland feed of welcome to Harold Langston, former member of the Oakland chapter, who had just returned from France, where he served with the United States artillery.

The program for the afternoon was taken to the Capitol Park grounds. The program started at exactly 2:30 p.m. with the singing of the national anthem. The program was then a gene Stocking led the song service.

Following Pastor Langford, Clara Shaw led a second devotional session. The program was then by Miss Silverlock and Miss Shaw of Spokane. Dr. Thomas, state director of the Y.M.C.A., then spoke and spoke briefly on the topic, "Kingdom Building Through the Y. Y. C. U."

The program was then the third devotional session and the meet-

OLDEST PIONEER TO CHANGE RESIDENCE
MERCED, June 28.—Mrs. M. F. Turner, probably the oldest living pioneer of Merced county, will leave for Los Angeles this Sunday, together with her daughter, Mrs. E. W. Hamlett and the latter's family. Mrs. Turner settled in Merced Creek in 1854, and when 20 years of age saw, in 1855, the first session of the superior court of this county, which was held under an oak tree on the Turner home place.

ELECTRICIANS ELECT OFFICERS AT MEETING.
SANTA ROSA, June 28.—C. L. Chamblin, San Francisco, was elected president of the State Electrical Contractors' and Installers' association, which is holding its annual convention here. Others of officers elected were:

Vice president, I. J. Bennett,

directors: H. Oyler, Oakland; W. Mitick, Oakland; J. Woods, Sacramento; W. Gribble, Chico; C. E. Osborn, Modesto; H. H. Court-right, Fresno; G. E. Arbogast, Los Angeles; M. E. Ryan, Redwood City; F. J. Somers, San Jose, and

Walter Cox, Santa Cruz.

The association also voted to set aside the year 1900 for development and educational work in the use of electrical appliances.

PETALUMA SOLDIERS ARE HOME FROM WAR.

PETALUMA, June 28.—Corporal Charles Madalena and Corporal Guy Baughman, who left for the front in 1917, returned together today after serving a year in France. The comrades were members of Co. B, 10th Cavalry, and fought in the Argonne and Chateau Thierry. They were on the battlefield when the armistice was signed.

CHINESE SAYS
HE PAID FOR
'PROTECTION'

With but two witnesses heard so far and the testimony of neither of these yet at an end, the trial of former Chief John H. Nedderman for receiving a bribe goes over into its second week with little prospect of its being completed at other than a late hour.

There was no session of Judge James G. Quinn's court today, but it will reconvene Monday when Judge Moy will resume testifying.

Proprietor of six lottery houses to which the little squares of yellow paper with their green characters lured hundreds of persons a day, Judge Moy was intimate, the prosecuting attorney's office has made it plain that the case goes adversely to his client, he believes he already has grounds upon which to ask an appeal. Life made this clear yesterday afternoon when, having been overruled in his contention that the testimony of Judge Moy was wrongfully introduced, he read into the record a particularly careful and succinct statement of his reasons.

COURT RULING IS VICTORY FOR STATE.
Both sides of the case were willing to admit today that Judge Quinn's decision in the case of Nedderman is by all odds, the most important decision yet made in the case on a point of law. It took upward of three hours in the judge's chambers for both sides to present their arguments and dozens of books of California and other decisions lay upon tables, chairs and floor before the argument was complete. Judge Quinn gave no intimation of his decision until he had read at 2:30 o'clock, when the district attorney's question was restated and the objection of the defense reaffirmed. Then he overruled the objection.

COCKRELL ALLEGED NEDDERMAN AGENT
The present trial of Nedderman is on an indictment charging him with accepting a bribe of \$50,000 from Hermann Looz on May 18, 1918, for protection for the Bartenders' Club. The defense submitted that any activities of Cockrell, whom Looz named as Nedderman's collector, with regard to the Chinese lottery was beside the mark, it not having been added that Cockrell was also Nedderman's agent there.

This point the court overruled. His decision permits the introduction by the prosecution of a mass of evidence said to be in hand which follows Cockrell through a considerable number of alleged bribe deals with the Chinese and others. The prosecution frankly admits that the Chinese cases and the gambling club cases are separate except so far as Cockrell, and others indirectly, are said to have been involved in both.

But the state hopes to prove that a general conspiracy of officials and others existed to permit illicit games to run and to collect from their proprietors for the privilege. In the same connection the district attorney or his deputies have several times mentioned Dr. F. F. Jackson,

commissioner of streets, who was commissioner of public health and safety in the period under consideration.

Joe May, 35, but one of three Chinese lottery men whom the prosecution expects to present, the others being Gee Sam Kee and Ernest Lum, known also as "Little Ernest." Joe was expected to be placed on the stand yesterday, but he appeared at the district attorney's office expecting to testify. At the last moment, however, a switch was made in the plans of the prosecution and Joe was introduced as a witness instead. The state had practically finished with Joe at the conclusion of yesterday afternoon's session, and will conclude his testimony, it is expected, on Monday morning. When he has been overruled he will be called as a witness.

The testimony of Joe was of particular slow progress because of the frequent objections of counsel for the defense. No important query was put to the witness, but the answer either was forestalled temporarily by counsel's objections, uniformly overruled or stricken out to permit such objections to be made.

COCKRELL ALLEGED PROSECUTION REPEATED
With the objection disposed of, the prosecution renewed its question to Joe as to the substance of a conversation he said he had had with Cockrell before March, 1918. Joe's reply was that he had no more questions, each with its respective objection overruled, was as follows:

"I met Mr. Cockrell down that way. He said I give him some money and he make my business run. First he say to me, 'I give you \$40 one month each house.' I tell him I give him \$40 one month each house."

Joe's difficulty in finding a synonym for "I make a bargain with him" kept court and attorneys engaged for some time. "Make a bargain," counsel for defense maintained, called for a conclusion of the witness which, in the technical language of the law, is taboo. Finally Joe thought of "I tell him I give him" and the case proceeded.

The next interruption of consequence revolved about the testimony of Phillip M. Carey, who is counsel for Cockrell, and Corporal Thomas O'Neill, the other men indicted with Nedderman. Carey has been in court most of the past two days and on several occasions has made suggestions to Crosby on questions and objections as well as in Looz's cross-questioning on Thursday. Yesterday the rapid-fire objections to Joe's testimony were at their most audibly suggested by Carey and adopted or ignored by Crosby.

DISTRICT ATTORNEY MAKES OBJECTIONS
District Attorney Ezra W. Decoto finally leaped to his feet as one of these assistances had just been rendered.

"Mr. Carey is not an attorney in this case," he exclaimed. "I demand that he take his seat."

"I am an attorney at this bar," Carey shot back, "and I want you to understand you cannot order me around."

The court made an effort to quell the trouble, but Decoto was insistent.

"He is not an attorney in this case," he repeated, "and I demand that he retire to a seat and mind his own business."

"I am not an attorney for this defendant," Carey retorted, "but I am attorney for the man you're trying to drag into this same situation."

"I insist that Mr. Carey sit down and mind his own business," Decoto called again, and the court added:

"I don't care where Mr. Carey sits, but I do demand that he behave with decorum in this court."

"All right," concluded Carey, "then I'll stay where I am."

"Was that remark addressed to me?" demanded the court.

Carey replied, "No sir."

In reply to further questions Joe May said:

"Cockrell tell me he good friend"

Good Roads Insure Car Drivers
Automobile Accidents Are Reduced

The extension and completion of California's highway system contemplated under the \$10,000,000 good roads issue coming before the voters of the State Tuesday at a special State voter election, will materially cut down the number of automobile accidents in the State, in the opinion of the officials of California's accident insurance companies. "To the average motorist the really real appears as a pleasure while to the underwriter who is receiving reports of daily accidents resulting from bad roads the bonds to be voted upon July 1 appear as a means of reducing a great many mishaps which cause death and injury to the motorist."

"Road accidents are all too numerous. To the man carrying insurance the damage done to a car is met with the money paid by the insurance company, but it should be remembered that most accidents cause injury to those riding in the car."

By carefulness and good roads to ride upon that will reduce these accidents and while some may look upon these bonds in the light of a constructive measure in one way the underwriter sees the possibility of fewer accidents.

"Throughout the United States last year there was one accident for every ten automobiles and when it is recalled that there is one car for every eighteen persons living in this country the toll is appalling. With the roads of this State becoming more and more in use by reason of the ever-growing number of automobile owners good roads are absolutely essential. Every good citizen will get out and vote Tuesday for the bonds whether he owns a machine or not."

All attempts to identify the body of a man discovered yesterday on the fashionable grounds of the Harmon Bell residence, at 2 Seaside avenue, head of Oakland avenue, Piedmont, have been unsuccessful thus far.

The body was found by F. H. Pence, a caretaker at the Bell residence, late yesterday afternoon and the case reported to the police.

A revolver was clutched in the right hand of the man, two chambers being empty. The man was shot in the head and in the breast. The name Fred C. Bradley, Boise, Idaho, was printed on the inside of his spectacle case. Coroner Grant D. Miller telegraphed to police in the Idaho capital city in an effort to identify the man.

All of the man's pockets were empty. His clothing was of good quality, but in places frayed from long wear.

Mystery surrounds the entrance, unobserved, of the man into the Bell grounds which must have occurred, coroner's deputies say, several days ago. How the shots which resulted in death could have been fired without attracting the attention of neighbors or servants is unexplained.

W.C.T.U. to Celebrate J. Barleycorn Funeral
The Oakland Central Woman's Christian Temperance Union will not be left out of the celebration Monday to attend the obsequies of J. Barleycorn. Naturally, however, there will be a difference between its session and the tempestuous good-bye to be given by those who didn't vote for prohibition. The union will meet at the Y. W. C. A. Monday afternoon at 2:30, it is announced by Jennie L. Redfield, and the gathering will be the last for some time—until the close of vacation.

Auditorium Rents Declared Low
Rate Inquiry to Be Begun Tuesday

A probe of conditions that have to do with the renting of the Municipal Auditorium and Auditorium Theater to certain private amusement enterprises, at rates far below the regular rates provided for in the official city schedule, and from three to four times less than privately owned theaters charge for rental, will be started Tuesday night by the Civil Service Board. The probe will come in connection with the hearing of the appeal of Ralph York, chief clerk in the department of public works, from the dismissal order of Commissioner Fred Soderberg.

Contracts made with private individuals for use of the Auditorium Theater are to be investigated, according to George Kaufman, member of the Civil Service Board, to ascertain which employees of the public works department were connected with the contracts he questions. Commissioner F. F. Morse, then head of public works, is to be asked to be present, says Kaufman, to explain the contracts, and what representations were made to him in connection with them.

\$150 RATE CUT TO \$50
The regular rate on the Auditorium schedule for evenings was \$150, but various special rates have been made from time to time. As an inducement to bring first-class theatrical attractions to Oakland, Harry Anderson was given a contract at \$50 per night. Other professional ventures, according to Kaufman, were charged more. He cites the contract on file in Soderberg's office, signed by Morse, with Paul Elder, who was charged \$15 a performance for presenting lectures in the place of the Auditorium Theater.

Say Open doors was charged \$50 for presenting the Minneapolis Orchestra on the matinee of Saturday, February 9, 1918. The Greenbaum attractions, commencing with Alma Clark, Tuesday night, Nov. 19, 1918, paid \$91 a night. Zanette W. Potter was compelled to pay \$51 for a matinee showing of the children's opera, "Hansel and Gretel," on December 8. These contracts are on file in Soderberg's office.

In addition to these, Kaufman and clerks in the Civil Service Board office have drawn up figures showing total income and expenditures in the Auditorium, counts for every performance there, cost of service, stage hands, and whatever else was furnished by the city, and names of promoters of the various enterprises.

FIGHT FIGHT BOOKINGS
"I have also investigated the renting of the Auditorium for prize fights," said Kaufman, "and in this, too, I find much to be gone into that will come out Tuesday night. I have

intended for six months past to get to the bottom of these very special rentals to very special private producers of amusements, and the time is now ripe."

That the rent for the Auditorium in many instances has been too low is admitted by Commissioner Soderberg. He says, however, that most of the instances on the record were while Commissioner Morse was in charge of the department. He says he will welcome the Kaufman investigation.

"Since I have been in this department," he said, "the prize fight matter is the only one open to criticism, and I have opposed the low rent paid in that series of attractions. The rent does not pay for electricity and janitor service. There has been no attempt made to run the Auditorium on a business basis. I am helpless. If I refuse anyone the use of the place the next day there is a resolution, filed in the council by the mayor, ordered it turned over to the applicant rent free."

In regard to the prize fight attractions booked there, Soderberg, acting for Commissioner F. F. Morse, says the Auditorium is open to G. M. Glidden, as promoter of the fight events, under a contract signed by Ralph York, the suspended clerk, acting for Commissioner F. F. Morse. "The contract is indefinite," said Soderberg. "There will have to be action taken to abrogate it."

"There is no question of these being prize fights. Plans for one of them were abandoned on instructions from District Attorney Ezra Decoto. This was the attempt to have Sam Langford here. Decoto told me that the promoters were not war workers, but prize fight promoters. He mentioned Glidden, Tommy Simpson, Louis Bernstein and several others. Only fifty dollars is paid for rent for the arena for these fights. Several thousand dollars are taken in."

Kaufman has a set of special figures, drawn up by Civil Service Board attaches, for the prize fights. He has also investigated to determine the amount of money paid the fighting "stars," and says that these figures will produce a sensation Tuesday night.

"This probe may involve Mr. Keefe, the Auditorium manager, as well as others," said Kaufman. "He has been instrumental. I am led to believe, in some of the bookings. I will question him on this subject."

Another contract to be examined into by Kaufman before the board paid in that series of attractions. The city received \$1200 rental a month under this contract for the period from August 14 to October 14. The rental included building and grounds, the city to furnish the services of auditorium manager, a stenographer, four janitors, electrician, property man, and heat and light for the building. According to Soderberg, the "land show" promoters attempted to sell the city old lumber left from their bleachers, which move, he says, he blocked.

According to Soderberg, it costs \$25 to light the Auditorium Theater for a performance, and the pay of property man, electrician and janitors comes to approximately \$30 more, leaving the city \$5 the loser when the place is rented for \$50 for a theatrical attraction.

[BANK] PAPER [SERIES-FIFTEEN]

The Use of the Trade Acceptance

Practically all of the large business houses throughout the country have adopted the trade acceptance as a condition of sale.

Oakland business men are using the trade acceptance in increasing numbers.

Banks will discount this paper in almost unlimited quantities because it can be rediscounted at the Federal Reserve Bank.

The use of the trade acceptance releases capital for additional business.

It helps to systematize and stabilize business because financial income and borrowing power become fixed instead of variable quantities.

Its use enables the business man to determine in advance just how much money will be available at a certain date.

You should know more about the trade acceptance and how its use will benefit you. Mr. Hassler at window 10 of this bank will explain in detail.
